

Advances in Transfusion Medicine Symposium 2026

Organised by RCPATH and SHOT

Two half-day virtual sessions: Wed 25 Nov 2026 and Thurs 26 Nov 2026 (09:30-13:00)

Advances in transfusion medicine and science are rapidly emerging, with robust research underpinning evidence-based practice. This symposium convenes experts from a range of clinical specialties, along with leaders in transfusion science, to share insights and provide updates on important developments in the field.

The event will consist of two half-day virtual sessions held via Zoom, featuring interactive Q&A. The full programme will be available on the RCPATH and SHOT websites.

Suitable for consultant haematologists, nursing and laboratory staff, transfusion practitioners, trainees, and other healthcare professionals working in transfusion. **Registration is free – see details below.** The Percy Oliver Award (lay person category) will be announced on D1 of the event.

Although the event is free to attend, registration is required, and places are limited.

Separate registration is required for each day

Register via the following links

Wednesday: https://us06web.zoom.us/webinar/register/WN_Q6UEW9dxQjWFIo5bgwKH_A

Thursday: https://us06web.zoom.us/webinar/register/WN_g3GbxK17RdyTAN0AzRtDAg

You will receive a Zoom link to the live event via email following registration

****The event will start promptly, please join at least 5 minutes prior to the start****
